Fly Tying & Gear Maintenance

For those interested in tying flies, using plastics, undertaking general gear maintenance or watching fishing videos come to Neil Pinkard's house Thursday evenings from 7.30pm.

No gear - no problem! There is always a spare vice & plenty of tools, materials & advice to go around. It is a friendly atmosphere and beginners are welcome. If you have nothing to do on a Thursday evening, come along. We might tie a fly, discuss experiences or flies to use, how to set up your gear or watch a video.

Reports & Articles

More Articles Needed

If you have an article please email it to me.

It doesn't have to be long, just a few lines is OK.

Have you got some interesting photos? Attach them to an email, put in a few lines to explain them (who, what, when, how, how many, how big, where) - hey presto! - we have an article!

It doesn't have to be grammatically correct. It can be just as you would say it. That just adds to the effect, and besides none of us are perfect. {"Stream of consciousness" is a highly regarded writing style!}

It doesn't have to be polished - the Editor is always willing to do some editing!

It doesn't have to be recent; historical stories are often more interesting

It doesn't have to be you, it can be written by a member of your family or a friend.

It doesn't have to be fishing, gear, lures.

It can be a trip or

- family news
- salt-water fishing
- camping or bush hints
- recent escapades
- historical events and memories
- boats or outboards
- interviews
- humour (not sexist, rude, insulting or prejudicial)
- quiz, puzzle or competition

It does have to be clean, proper, considerate, polite and family-friendly

RECIPE

Seeing our newsletter is about freshwater fishing it seems appropriate that we include a trout recipe or two.

We are fortunate to have one provided by the organisers of "Trout Expo", which is held at Cressy in August each year. The organisers have given us permission to include the following recipe in our newsletter.

Here's another recipe from the Tasmanian Trout Expo Cook Book collection

This one evolved from the "what can we do with the remainder of the humungous trout we can't finish?"

Again thanks to the organisers for their permission to reproduce this recipe.

Trout Curry

Ingredients

- 450g trout
- 200ml coconut milk
- 2 tablespoon curry paste

Garnish

- ½ cup cashew nuts
- 2 tablespoons spring onions - chopped

1. Cut trout into 2-3 cm strips
2. Place in a microwave safe dish
3. Mix curry paste with coconut milk & pour over trout.
4. Cook in a microwave on high for 6-10 minutes.
5. Sprinkle with cashew nuts & spring onions
6. Let stand for 5 minutes.
7. Serve with steamed rice.

Consistent Angler Table

Points are awarded for attending Club fishing trips and also according to the size of fish caught.

Once again Norm has set the pace with the usual mob barking at his heels.

Great Lake still Fishes well!

G'Day Neil,

These pic's are from Joe Bayles.

He got 12, 3kg fish from the Great Lake on the 3-4/5/08 w/e at Todd's corner.

You can see how far the Lake is down on one of the pic's.

His 16' boat is in the water!

They had to drive down to it from the camp site.

Cheers, Roger

Woods Lake Monsters

Angler Alex Smith

On Clarence Anglers field trip to Woods Lake on ANZAC weekend, Alex caught these two well condition browns on a Galaxias pattern fly. The two fish totalled 9lbs (4.1 kg). The larger one took around 20 minutes to boat.
