

Clarence Catchlines Clarence Catchlines

Newsletter for the Members of the
Clarence Licensed Anglers Club Incorporated ("Clarence Anglers")
P.O. Box 291 ROSNY Tasmania 7018

June 2007 Newsletter

To make "Clarence Catchlines" an interesting newsletter the editor is after articles to include each month, so if you have something of interest please forward it to the Secretary or President; eg if you have a fishy story, a new fly or something to sell, please let us know about it and it will get in the newsletter.

Next Meeting

13th June 2007

Lindisfarne RSL Club

28 Lincoln Street, Lindisfarne

The next meeting of members will be held on 13th June 2007 at the **Lindisfarne RSL Club** starting at the usual time of 8.00 pm.

Our special guest speaker will be **John Diggle**, the Director of Inland Fisheries. We have told him that you are keen to have an understanding of the "New" IFS & the future directions of our fisheries in light of reduced water levels & increased fishing pressure, especially Tooms Lake, Great Lake, St Patrick's & the South Esk. He may talk about these topics and/or the new hatchery at New Norfolk and IFS facilities.

Additionally we will discuss the planning for the site at Arthurs Lake.

We will also discuss our events for June & July.

Committee members please note that there will be a committee meeting prior to the event.

Subscriptions

Annual subscriptions for 2007-8 are unchanged & will be due effective 30th June 2007 – however you may pay then to Ron prior to then:

- Seniors \$30.00
- Juniors \$5.00
- Family membership \$50.00

If you have not paid your 2006-7 subs, please pay to Treasurer, Ron Stow NOW.

This Month!

❖ **Meeting: 13th June 2007**

8pm at Lindisfarne RSL

❖ **STLAA Dinner: 16th June 2007**

7pm at Polish Club

Coming Events and Trips etc.

See Season 2006-2007 Calendar issued with the July 2006 newsletter

❖ **Meeting: 13th June 2007**

8pm at Lindisfarne RSL

Guest Speaker: IFS Director, **John Diggle**

I hope we will get a big turn up of members for this meeting.

❖ **STLAA Dinner: 16th June 2007**

7pm Saturday at Polish Club

The STLAA hold their Annual Dinner and present trophies and awards to worthy participants. Come along and support the Club & STLAA.

The Guest Speaker will be Jan Spencer, one of Tassie's best known fly-tyers. (She has been official tyer for our national fly fishing team.)

At \$21 per head, last chance to get tickets is at our 13th June General Meeting.

❖ **Wednesday 11 July – CLAC Annual Dinner**

Beltana Hotel 6.30pm for 7pm

We have made a booking for 40 persons and it would be appreciated if you could provide us with an indication of attendance in case we need to book more seats. (Ph. Norm 0408 144 587)

This is a great night for the whole family. During the evening we will be awarding the Field Trip, Consistent Angler, One Fly, Heaviest Fish snr & jnr, AC Walker Trophy, Club Person trophies and the much sought after "ACE" Award.

We will have video presentations of Club activities during the past season etc. All-in-all it will be a great night and fun.

We will also be drawing the Annual Raffle for the Fly Box and Fly Tying Station.

❖ **Wednesday 8 August – AGM**

8pm at Lindisfarne RSL

❖ **Wednesday 12 September – Meeting**

at "Spot On" commencing at 7pm

Steve will be providing sandwiches & drinks.

❖ **Wednesday 10 October – Meeting**

8pm at Lindisfarne RSL

Video night part 1 of "Trout Bum Diaries Vol. 2"

❖ **Wednesday 14 November – Meeting**

8pm at Lindisfarne RSL

Video night part 2 of "Trout Bum Diaries Vol. 2"

Raffle

You have been sent a book of raffle tickets for our Annual Raffle which will be drawn at our Annual Dinner on 11th July. This fund-raising is important to the financial well-being of the Club, so we would appreciate if you could sell as many tickets as you can. A flyer has been included with the raffle book so that you can show prospective buyers the great prize.

Please ensure ticket stubs and money are in the hands of the Treasurer (Ron Stow) before or at the Dinner.

Thanks go to Ron who made the fly-box, to Norm who made the fly-tying station, to The Fishing Connection who donated the tools, to Alex and the other fly-tyers who donated the flies. A terrific Club effort!

Fly Tying & Gear Maintenance

For those interested in tying flies, using plastics, undertaking general gear maintenance or watching fishing videos come to Neil Pinkard's house Thursday evenings from **7.30pm**.

No gear - no problem! There is always a spare vice & plenty of tools, materials & advice to go around. It is a friendly atmosphere and beginners are welcome. If you have nothing to do on a Thursday evening why not come along. We might tie a fly or two, discuss experiences or flies to use, how to set up your gear or watch a video.

23 Browne St, West Hobart

(opposite Pine St)

Use back door please!

More Articles Needed

Members, we need more stories and articles from you, we are all too often relying on the same people to write for the newsletter.

If you have an interesting photo, why not send it in and share it with the members? Send the Secretary some jokes (clean) or pen a short story about your fishing trips.

Shack site Update

The Committee has asked Stephen Granger to be Planning Coordinator. Pass on your ideas on:

- ❖ Building plans
- ❖ Construction methods
- ❖ Construction materials
- ❖ Financing
- ❖ Fund-raising
- ❖ Working bees
- ❖ Project management

Reports & Articles

Casting Championships

Tasmanian Fly Casting & Plug Casting Championships 2007, coordinated by STLAA, were held on Sunday 13th May 2007 at the Salmon Ponds. David Hemming & Graeme Davis conducted the fly casting & Steve Steers conducted the plug casting. The Club had a team (3 or more) in each as there a great prizes for Clubs & individuals. Our contact for this day was Norm. His report follows.

Initially when raised at a Club meeting several months ago, the response to getting a couple of teams together for the Championships was not all that enthusiastic to say the least. Maybe it was the thought of putting one's skills on display in front of all & sundry or the fact that it was to be held on Mothers Day, or was it that the fickle Tasmanian weather had not revealed its hand. Whatever the reason, it looked like it was going to be a tad bit difficult to get a team for each event to represent the Club.

Well, as usual, Clarence Anglers are a resilient lot & as always seem to come through to meet any challenge - this was no exception. The weather forecast issued by ABC News on the Saturday night preceding the event indicated fine & clear weather. I received a number of phone calls at the last minute from members advising me that they would be there to uphold the honour of the Club. Then I received a call from Neil who sounded like "Salty the Sea Lion". "Norm, I'm as sick as a dog and will not be able to compete on Sunday, but I will be able to man the registration table for the STLAA".

Well I thought to myself that will be OK as we will still have enough Club members to form a separate Fly and Plug Casting Team.

So I replied to Neil, "No problems we should have sufficient Club members, I will see you up at the Salmon Ponds about 9 am."

The next call I received was from Charlie asking if I still needed a lift up to the Salmon Ponds. I replied in the affirmative and we made final arrangements for our "better halves" to meet us at "Ponds" around 12.30 pm for lunch - it was Mothers Day after all!

Sunday morning came around in due course and the weather as I looked out my bedroom window was just fabulous. Clear skies, no wind & the sun had that lovely autumn shine about it. Charlie arrived & I packed my fly rod & spinning rod in his van, said the obligatory farewells to my wife & headed off to do battle with the other casters & to see if Clarence Anglers could share in some of the prize money on offer. After all we are trying to get sufficient funds to build a new shack at Arthurs Lake.

Charlie & I arrived at the Salmon Ponds & were surprised to see Neil's 4WD already in the car park. As always Neil soldiered on against adversity - a cold that Margaret had given him recently - & was found sitting at a fold-up table preparing to collect entry fees & register casters.

I gave Neil my \$5 entry fee and indicated to him "Don't put me first, put me somewhere in the middle or end." I got a nod out of him & went away to rig up & get some practice casting in. After about 15 mins I went back to see Neil & to

offer my second \$5 entry fee for the Plug Casting event & was shocked to see my name on the Fly Casting list right at the top, first caster off the rank. "Neil, who's side are you on. I can't go first" The reply I received should have been expected from somebody who was fighting the dreaded lurgy. "Somebody has to go first and you gave me your money first, so you're first."

No point arguing with somebody who looked and obviously felt like "Death warmed-up"

Around 9.45am the call came to watch a demonstration of how to cast in the Dry Fly Accuracy section. I was getting a bit nervous as I knew I was going to be called up very soon. Could I cast my dry fly accurately enough to get some points?

Then I heard "**Norm Cribbin to the platform.**"

Give it your best shot I said to myself as I commenced false casting to the first target. I thought I measured the cast distance well enough but my first cast fell short. "No score". I adjust the second cast after a few more false casts, this time the distance was right but the fly curved left & landed outside ring. "No score". Ok I will adjust for the little waft of wind & cast a bit more to the right, only this time the waft wasn't there & the fly landed just to the right of the ring "No score". This is not a good start I thought to myself, as I measured out to the 2nd ring & did pretty much the same thing again. "No score", "No Score" & "No score". Oh well, at least by going first & it will all be over sooner than later.

Not one to give up without a fight I endeavoured to slow my casting rhythm down a bit & focus on the target & just let the fly do its thing, sort of like when you are actually casting to a real rise. This seemed to do the trick as my first cast into the 3rd target landed spot on; "5 points". Now having the range right just a slow false cast & put it back in the same place, Yes; "3 points".

Keep calm, do the same again, you beauty; "2 points". This sequence went on unchanged for the final two rings - a perfect score in 3 rings, giving me a total of 30 points out of a possible 50 points! I should have practiced a bit more & I might have scored a couple of points in the first two rings was all I was thinking as I walked from the platform.

I imagine this is how it was for all the casters on the day in both the fly and plug casting. A mixture of highs, lows and what ifs. I encourage all members to give the Tasmanian Fly & Plug Casting Championships a go. You aren't required to be a pro caster; it's an event for all Club Anglers.

Anyway enough of my ramblings – Clarence Anglers had a formidable team of casters in both the Fly & Plug sections and suffice to say we did well enough to put us in the money.

Clarence Anglers achieved an equal 2nd place in Plug Casting section & received \$150 for our

efforts. Not to be out done our fly-casters were also "in the money" and turned in a respectable 3rd place & collected \$100.

Personally, I was awarded a 1st place Certificate for Dry Fly Accuracy & a 2nd place Certificate in the Overall Champions of Champions in Fly Casting.

Not a bad effort for a couple of hours spent casting at the Salmon Ponds.

I would like to thank all members and families of members who attended and enjoyed a pleasant day out. The low cloud (fog) that covered the Salmon Ponds in the morning lifted around 1pm and the sun warmed us for the rest of the day. It

was great to see many Mums in attendance enjoying the lovely weather & a walk around the "Ponds" or through the Museum. The jazz band put on by the Salmon Ponds added a festive air to the day and was appreciated by a large audience in attendance. Overall a great day...

Norm Cribbin – President

Dee Lagoon 5th & 6th May

This was the Club's first field trip to Dee Lagoon and was ably organised by Norm Cribbin who produced a comprehensive document that included a map with ramps and camp-sites marked, photos of the ramps, examples of fly patterns and lures to use, as well as instructions on how to get there.

Norm & I were fortunate to be able to take the Friday off so we could get up there on Friday afternoon. We weren't surprised to find Bruce already at the lake. We checked out the 2 sites & ramps and decided that to camp near the first ramp. Vince also arrived and put his boat in the water before he & Norm took his vehicle up the road to get some firewood which was much appreciated that evening as it was quite windy and cool. Actually it was blowing a gale! It rained occasionally too. We certainly appreciated the fire that night.

Surprise visitors that evening were Andrew & Lyn Simmons who dropped in for the night on their way back from AgFest.

Vince was the only one to make an early start Saturday morning – the rest of us heard the wind howling through the trees, rolled over and caught some more ZZZZZZs. When we did arise we contacted Vince who reported that he hadn't caught any fish and that he was returning for breakfast. After a leisurely breakfast, Norm was next to go out with Vince, I followed about an hour later even though it was still quite windy. I wandered up the lagoon and across Brownie

Bay where I met Vince returning from further up the Lagoon. As I drifted around the Bay, Norm returned from the Mentmore Marsh end, saying that it was very clear up there but he hadn't seen a fish. As we drifted SE past the point below Brownie Bay we notice sheltered water around some marshy edges. Vince had advised that he seen a fish or two in there so we decided that was the best place to be. I put on a gum beetle pattern (with rubber legs) that Alex Smith had asked me to try at the Dee. I cast it near a sunken log on the point, whereupon it was quickly sucked under, and my line was zigzagging around due to a little Brook Trout trying to get rid a the beetle stuck in his throat. My first fish from the Dee and my first wild Brook Trout (I had caught them before but they were stocked fish in Craighourne.) but it was too small to keep and I quickly returned it to the water before Norm had a chance to get his camera out. After I had drifted past Norm I saw a fish rise in the little bay and I cast in the area. Soon I had a lovely medium sized Rainbow leaping out of the water with Alex's pattern in his mouth – but not much longer as the trout went one way and the fly another. Ah well, that was more action that most! I soon had another one on but that fish only was attached for a couple of seconds before he took off. I moved up the little bay again and commenced another drift. A few times I saw a fish move towards the fly or rise in the neighbourhood but no more takes.

As the wind was strengthening and the temperature dropping I decided that I would return to the camp where I found David Driver welcoming Bruce who was returning with a beautiful hen rainbow which was about 2kg before cleaning but as it was full of eggs and had been eating well, its cleaned weight was about half. It was caught on a deep-diving lure.

Bruce's nice rainbow lured out of the Dee

Saturday night was like Friday night, and again Vince was the only one to venture out in the morning – for the same result. The rest of only ventured into the water to retrieve our boats – as the gale force winds continued.

“Chernobyl Ants” – supposedly an irresistible pattern yet to be tried by the tier, Neil.

Despite the weather we all enjoyed the w/e and I certainly found it so especially for a new water which I now look forward to fishing – under better weather conditions.

Neil Pinkard

Liawenee: IFS Open Days

❖ **Liawenee : 19th & 20th May 2007**

My call for volunteers to take gear up on Friday & to assist with setting-up, selling food & drinks & raffle tickets, food preparation, relief & cleaning-up on Saturday & Sunday was well responded, with Ron, David, Norm, Warwick, Greg, Rick, Tim & Alex joining me.

Accommodation was the Flytyers' cabin at Miena for Friday & Saturday nights.

Most travelled up on Friday afternoon and we set up our stall in the IFS building before looking around the new facilities including the beaut new juniors' fish-out pond.

Ailene provided a lovely stew for Friday evening and we provided our own drinks which were disappearing at an alarming rate.

To cut a long story down, we had a successful stall. We sold all of our hot pies, lots of home-made soup (courtesy of Rick Franklin, Margaret Pinkard and Christine Cribbin) and coffee. We also sold lots of raffle tickets. Many visitors enjoyed our video displays of our fishing trips including New Zealand – ably arranged by Warwick & Norm, with extra commentary/colour from Greg.

We raised about \$1,000 on the day.

Many thanks to all those people who helped

Neil

Latest from Craig Templar

Craig is a former member and secretary. He is in the Air Force and therefore has to move around the country. He was in Hobart earlier this year for the bream championships.

Hey Norm,

Sorry for the late reply on this one. As I mentioned to you when I rang you in Tassie I've been away since July last year and only just returned to work this week. Sorry I didn't make it to fly tying when I was down, I ran out of time.

If you still need any info on barra fishing let me know and I'll see what I can come up with. Managed to get a few fish while on holidays with the highlights being my first Saratoga on fly, not huge at 48cm, especially considering I dropped a few bigger than that - but pleasing none the less. Also managed a new PB Barra of 74cm, unfortunately not on fly though, dirty old plastics. I have caught one Barra on fly though, a monster at 21cm.

Looks like we'll be moving again at the end of the year to Wagga so I'll be flat out between now and then trying to nail a few more of my targets i.e. GT's, Queenies and Mackerel on fly.

Pass on my regards to everyone.

Cheers.

Craig Templar

Craig and his daughter at Liawenee a couple of years back.

Trout Badges

We have some brass badges of a leaping trout (see picture of fly-box or tying station) made available to the Club. We sold several at Liawenee but we have some left that members can buy at the special price of \$4.

See Ron and Norm to purchase.

RECIPE

Seeing our newsletter is about freshwater fishing it seems appropriate that we include a trout recipe.

"Trout Expo" is held each year at Cressy and is well worth the trip to look around this well planned exhibition.

I have had close contact with Fiona Dewar & Gary France of Tasmanian Trout Territory Fishing Tours ([email gary@troutterritory.com.au](mailto:gary@troutterritory.com.au)) & know the hard dedicated work that their committee does to ensure a successful show.

With the permission of the Fiona & the Committee I am able to provide a monthly trout recipe for our readers.

No 2 recipe in the series

TROUT ALMONDE

Ingredients

350g size trout
Dob of butter
Lemon Juice
Blanched almonds
Chopped parsley
Salt & pepper

Rinse trout, place on a plate & season with lemon juice, salt and pepper & a dob of butter. Place 2 teaspoons of chopped blanched almonds on a piece of paper & cook in the Microwave oven beside the trout for 5 minutes. Serve trout with chopped parsley & almonds on top.

Per kind favour of "The Tasmanian Trout Expo planning group"

David

Most Consistent Angler Award

Vince has retained the lead, despite Norm's concerted efforts to overhaul him at the Dee. Vince even went out before breakfast on both Saturday and Sunday despite the windy conditions. David's consistency & persistency throughout the entire season sees him safely holding 3rd position. Peter Molony was the best of the newcomers and looks a likely challenger for next season if he can attend more field trips. Similarly for Bert. Neil, Tim, Sam, Bruce, Paul and Charlie showed potential – again! There's always next year.
